INTENDED ITINERARY

It is our intention to adhere to the route described below but a certain amount of flexibility is built into the tour and on occasion it may be necessary or desirable to make alterations to the published itinerary. Please therefore treat the following as a guide only.

Duration: 43 Days

Countries visited: Kenya, Tanzania, Malawi, Zambia, Botswana, Namibia, South Africa.

DAY 1-3

Nairobi, Masai Mara National Reserve

Kenya is East Africa's most popular destination and has a long tradition of tourism and of welcoming visitors. Very often the first word you hear is the Swahili greeting 'Jambo' (hello), often followed by 'Hakuna matata' (no problem!). We recommend you arrive the day before the tour's scheduled departure in order to relax and overcome any jetlag before starting your trip. Nairobi, has seen rapid growth in recent years but has a comparatively small city centre, ideal for walking, a very interesting city market (ideal for sharpening your bargaining skills), numerous craft shops, book shops and plenty of cafes and restaurants to try.

We depart the city early Day One of the tour and make our way across the Great Rift Valley to the Masai Mara National Reserve. We spend two nights camping on the edge of the Reserve with time to explore the park on morning and afternoon game drives. The sweeping plains, distant horizons, low slung acacia trees, occasional coppices of vegetation, and plentiful wildlife form a deeply evocative introduction to this wonderful continent. The 'Mara' is crossed every year between July and October by great herds of wildebeest, zebra and other grazing animals in their migration from the adjoining Serengeti plains to the south (in Tanzania). Predators (such as lion, cheetah, leopard) and scavengers (hyena, vultures) follow the grazing animals and this enormous congregation of wildlife forms a spectacular display of Africa's natural resource. But the Mara is excellent for game viewing at any time of year and regardless of when you can visit we hope to see some, if not all, of Africa's 'Big Five' (elephant, lion, rhino, buffalo and leopard) and an array of other wildlife.

From the Mara, we return to Nairobi, where we usually overnight, on our way south into Tanzania.

DAY 4- 8

Arusha, Serengeti National Park,
Olduvai Gorge, Ngorongoro Crater

After crossing the border at the busy Namanga frontier we come to Arusha. Situated mid-way between Cape Town and Cairo, this is very much Tanzania's 'safari capital' - a bustling city with colourful markets, shops, vehicles and people, all nestling in the shadow of the brooding Mt Meru (4556m). After exploring the curio markets, we head to our camp outside Arusha on the open plains to the west of the city. There is the opportunity to walk (or ride a camel) to one of the local Masai villages. For those who are interested there is a local school and small clinic near the campsite, or you may wish to visit the small but very informative Masai museum and to walk through the – also very informative – Meserani Snake enclosure.

Switching to smaller more 'gamepark friendly' vehicles we drive west across the Rift Valley, passing through Mto Wa Mbo ('mosquito creek') and enter the Ngorongoro Crater Conservation Area. We pass into the park and drive around the Crater rim and down onto the Serengeti plains. Stopping at the Olduvai Gorge, made famous by Drs Louis and Mary Leakey for explorations into early man we descend onto the open plains and wide horizons of the Serengeti. Green after the rains, brown and burnt in the dry this is home to an enormous variety of grazing animals, predators, and birdlife. Flatter and larger than the Masai Mara the Serengeti is simply huge - indeed the name derives from the Masai word *Siringitu* - 'the place where the land moves on forever'. Game viewing here can be superb and camping out in the designated (but unfenced) campsite where lion and hyena roam nearby is an unforgettable experience.

The following day we drive out of the plains for gamedriving and after lunch ascend the outer wall of the Ngorongoro Crater. We spend the night camping on the rim (you may need a jacket; it can be cold at night). At 326 square kilometres in area the Ngorongoro is Africa's largest intact caldera and is a World Heritage Site. If the view from the rim (2400 metres above sea level) is spectacular, the site from the Crater floor (some 600 metres below) is equally enjoyable. All the major mammals are present except giraffe (which cannot manage the steep slopes leading down onto the Crater floor) and we descend the steep access road for a morning of game driving. Time here is limited however and we drive back up the access road after lunch for a final view over the Ngorongoro before we retrace our steps to Arusha and our camp for the evening.

DAY 9 - 13

Dar es Salaam - Zanzibar

We have time in Arusha to replenish our stores before continuing past the shadow of Mt Kilimanjaro (Africa's highest peak at 5895m) to Dar es Salaam and the Indian Ocean. 'Dar' is Tanzania's main port and is a hub of commerce and industry - a hot, humid and bustling city. We set up camp at our campsite on the beach just outside of the city centre, usually having time to browse curio markets - best known for ebony wood - and prepare for our trip to Zanzibar.

Evocative and exotic, Zanzibar conjures up images of idyllic, sandy, palm fringed beaches, romantic winding cobbled alleys and lush tropical forests. You will find all of these here – and an intriguing history. Zanzibar was the base for the great 19th century explorers John Hanning Speke, Richard Burton and David Livingstone and was once a major trading centre for spices. Indeed the spice trade is central to the island's history – Zanzibaris have traded with the people of the Arabian peninsula for generations, plying the ocean in simple dhow sailboats using the annual trade winds for passage.

The Arab influence is evident in the architecture and diverse street stall offerings of Stone Town. Indeed the Arab influence can be seen right along the East African coast - the *Swahili* language itself the result of the mixing of Arab and African languages and cultures over many centuries.

Zanzibar's other history is not so romantic. The island was a staging post for slaves brought from the African interior, held before shipping to slave owners in the middle east. You can still see the places where these men and women were held – and even a short visit is enough to convey the appalling conditions they had to endure.

Our time on the island is not structured and your time is at leisure. Perhaps the best way to see Stone Town is on foot: explore the bazaars, shops, mosques, palaces, courtyards and alleyways of the old town. Spices are grown in plantations nearby and you can take day-tours to visit some and have your senses dazzled by the tastes and scents experienced. If it's white sand, sparkling ocean and hot sun you prefer – head for the northern beaches and enjoy the Indian Ocean at its best. Try snorkelling and diving, indulge in some sumptuous seafood, or simply relax beneath a coconut palm with a cocktail and a good book.

After three nights we cross back by ferry to the African mainland and Dar es Salaam.

NB As we leave the truck on the mainland, basic tourist class accommodation on Zanzibar is included in the Local Payment but for the sake of flexibility meals are left for your own account. Typically we spend one night in Stone Town and the next two nights in the north of the island at one of the beaches. Your tour leader will be available to assist if you experience any problems but there are no set activities - the time is entirely at your leisure.

DAY 14 - 19

Mikumi National Park – Lake Malawi Beaches

We spend one further night in Dar es Salaam before leaving the coast and driving across country to Malawi. The road runs through the relatively small (by African standards) Mikumi National Park. We do not enter the national park itself but often see wildlife from the road and will stop for pictures if we catch sight of anything interesting. We enter Malawi at its northern tip and almost immediately catch a glimpse of the enormous Lake Malawi. Covering almost a fifth of the country's area, Lake Malawi is one of Africa's 'great lakes' and provides a source of livelihood for many of the Malawi people. Fishermen, traders, canoe and net makers are common sights along the shoreline. Freshwater and safe for swimming the lake is also a major attraction for visitors.

We camp along the lake shore, usually by the beach. There is usually a range of water sports available and time to indulge or simply to relax. The Malawi people are known amongst travellers as being very friendly and there is usually the opportunity to meet some of the local people from the nearby communities.

DAY 20 - 25

Lusaka – Livingstone – Victoria Falls

Leaving Malawi we cross into Zambia. We cross the Luangwa River and pass through the capital city, Lusaka, to Livingstone and Victoria Falls, arriving on day 22 of the tour. Our camp is on the banks of the mighty Zambezi River, one of Africa's major rivers, indeed the largest that flows eastward into the Indian Ocean. Time here is at leisure. Take advantage of the range of optional activities typically available: white water rafting, bungee jumping, abseiling, gorge swinging, canoeing, elephant and horse riding, lion walks, game drives and scenic flights. Naturally a visit to the Victoria Falls themselves is a 'must'. At over a mile wide and some 100m deep, at high water the 'Falls' is the largest curtain of falling water in the world. Depending on the time of year the spray from the Falls can be seen from 30 kilometres - hence the local name Mosi au Tunya – 'smoke that thunders'.

NB For the sake of practicality, meals in the Livingstone/Victoria Falls area are restricted to breakfasts. This allows you to take on half day or full day activities (some of which include lunch) without having to be back with the group at mealtimes. The Waterfront camp restaurant overlooks the Zambezi River and offers a selection of reasonably priced meals and snacks throughout the day (we suggest you allow US\$30-\$40 per day). Alternatively Livingstone town is a short taxi ride away, where you can eat out at one of the local restaurants.

DAY 26-27

Chobe National Park

Eventually we take our leave from Livingstone and travel the short distance to Botswana and the Chobe National Park. Situated in the extreme northern corner of Botswana, Chobe is home to large populations of elephant as well as lion and abundant birdlife, including the African fish-eagle. In the late afternoon, we take an afternoon cruise on the Chobe River - a delightful way to see hippo or elephant, sometimes buffalo, come to the river for bath and drink. Earlier in the day we take an early morning game drive into the park itself for a glimpse of Botswana's premier game reserve.

DAY 28-30

Maun, Okavango Delta

Further south, we cross the fringes of the Kalahari Desert and make our way to Maun and the Okavango Delta. A natural wetland system spreading over some 1.6m hectares of northern Botswana, the results from rivers that rise in Angola and flow south then divide repeatedly to form an intricate floodplain of channels and islands which spreads out into a broad flat inland delta – the only one of its kind in the world. Our overnight excursion gives us the opportunity to explore some of the area on foot and by dugout canoe (makoro). This is a very unspoilt wildlife area. We search amongst the giant lily pads, tall grasses and narrow channels for hippo, crocodile and a variety of birds. We camp for a night in the Delta itself on one of the river islands - an unforgettable wilderness experience!

DAY 31-32

Ghanzi - Windhoek

Leaving the Okavango we travel south-west skirting the Kalahari. We stop at Ghanzi and take a guided Bushman Walk to discover some of the secrets of this immense terrain and gain a glimpse of how the indigenous people live in this area. The following day we continue west into Namibia and stop a night in the capital Windhoek, a city steeped in German atmosphere and architecture. Enjoy the contrast from the previous few nights, perhaps with a flagon of ale at one of the local taverns.

DAY 33-37

Etosha National Park - Swakopmund

We make our way north to Etosha National Park, a vast reserve of over 20,000 square kilometres in area surrounding a central salt depression or 'pan.' The pan is seasonally filled with water but managed year-round waterholes sustain some 114 mammal and 340 bird species. We spend two nights in Etosha, camping near a floodlit waterhole which offers exciting night viewing for those who wish to stay up late.

Turning south again, we pass through the eerie Spitzkoppe area and travel along some of the desolate Atlantic coast, the colonial town of Swakopmund, Namibia's main seaside resort.

Sandwiched neatly between the desert and the ocean, this delightful coastal oasis has developed into something of an adventure centre. Try 'quad biking, sand boarding, or skydiving (weather permitting) or for those preferring a slower pace, take a coastal walk or indulge in Swakopmund's café culture at your own leisure.

DAY 38-40

Namib Naukluft Park – Fish River Canyon

Continuing south through the barren desert we reach the Namib Naukluft Park. The world's oldest desert and containing some of the highest sand dunes in the world – some of Sesriem and Sossusvlei's dunes are over 300m high – this is an ideal spot to clamber to the top of one and see the sun rise over the empty desert. We continue deeper into the park for a nature walk across the salt pans and flat valley floors. Don't forget your camera - the changing colours of the sand as the sun rises and sets throughout the day offer brilliant photographic opportunities.

Continuing to the very south of Namibia we admire the awesome beauty of the Fish River Canyon. One of the natural wonders of Africa, some 500m deep and over 160km long, this is the second largest canyon in the world after America's Grand Canyon. Again, there are plenty of opportunities for keen photographers as we spend time around this area and visit the canyon's infamous sharp river bend known as 'Hell's Corner.'

DAY 41 – 43

Gariep River – Cape Town

On our final leg of the journey we leave Namibia and enter South Africa stopping en route for a night next to the desolate but striking Gariep (Orange) River.

We continue south and notice the desert slowly give way to the increasingly fertile Cape Province. On the edge of Cape Town itself lie the Cape Flats, home to Cape Town's townships. We visit some of the local people and community projects in the area. The townships illustrate both South Africa's tumultuous history and its hope for the future. Finally we continue to cosmopolitan Cape Town, without doubt one of the world's most beautiful cities. If time allows we recommend you spend a few days exploring the city and surrounds. Take advantage of the variety of activities normally available here – from abseiling Table Mountain and shopping at the V&A Waterfront, to wine tasting in the nearby winelands of Paarl and Stellenbosch.

TOUR INFORMATION

Travelling overland is great fun, but it can also be challenging! This is a *participation* tour and your help will be needed in setting up the camp each night and assisting (usually on a rota basis) with the various day to day campsite duties, such as shopping, cooking and keeping the truck and camp tidy. But don't worry it's not all hard work and it's a great way to meet the local people and get to know your fellow travellers. Your contribution benefits the success of the tour - most people find the greater their involvement, the greater their enjoyment of the whole trip.

Africa is an adventure destination and travelling here is not always predictable so be prepared to "expect the unexpected" in difficulties or delays which might come our way! However, you'll soon find that the diversity of the African landscape, the wildlife and the communities we pass on our way, make the sometimes rough travel and long driving days worthwhile.

Come with a sense of adventure and a flexible attitude and you will be sure to enjoy your Acacia overland tour across this amazing continent.

MONEY MATTERS

PERSONAL EXPENSES

Naturally you will require extra money for your own personal spending on the tour, for snacks, drinks, souvenirs, tips and items of a personal nature. Everybody has different spending habits but as a guideline we suggest you budget US\$15-20 per day. Also keep US\$ cash for relevant airport taxes and visas needed, optional activities and any additional accommodation before or after your tour.

- **Spending money** is best carried as cash in US dollars, Sterling or Euro which you then exchange into local currency on arrival and as you go. Your guide can advise how and when you can change the rest of your money on tour.

- **Credit cards** can be used to pay for optional activities although charges may be may be high by western standards (+/- 5%).
- **Travellers cheques** can be difficult to cash but make suitable emergency funds.

We recommend you bring your spending money in several different ways (some cash, some t/cheques, some cards); your guide can best advise on what to use where.
