INTENDED ITINERARY

Whilst it is our intention to adhere to the route described below, there is flexibility built into the tour and on occasion it may be necessary or desirable to make alterations to the published itinerary. Please treat the following as a guide only.

Duration: 48 Days

Countries visited: Kenya, Tanzania, Malawi, Zambia, Botswana, South Africa

DAY 1-3

Nairobi, Masai Mara National Reserve

Kenya is East Africa's most popular destination and has a long tradition of tourism and of welcoming visitors. Very often the first word you hear is the Swahili greeting 'Jambo' (hello), often followed by 'Hakuna matata' (no problem!). We recommend you arrive the day before the tour's scheduled departure in order to relax and overcome any jetlag before starting your trip. Nairobi, has seen rapid growth in recent years but has a comparatively small city centre, ideal for walking, a very interesting city market (ideal for sharpening your bargaining skills), numerous craft shops, book shops and plenty of cafes and restaurants to try. We depart the city early Day One of the tour and make our way across the Great Rift Valley to the Masai Mara

National Reserve. We spend two nights camping on the edge of the Reserve with time to explore the park on morning and afternoon game drives. The sweeping plains, distant horizons, low slung acacia trees, occasional coppices of vegetation, and plentiful wildlife form a deeply evocative introduction to this wonderful continent. The 'Mara' is crossed every year between July and October by great herds of wildebeest, zebra and other grazing animals in their migration from the adjoining Serengeti plains to the south (in Tanzania).

Predators (such as lion, cheetah, leopard) and scavengers (hyena, vultures) follow the grazing animals and this enormous congregation of wildlife forms a spectacular display of Africa's natural resource. But the Mara is excellent for game viewing at any time of year and regardless of when you can visit we hope to see some, if not all, of Africa's 'Big Five' (elephant, lion, rhino, buffalo and leopard) and an array of other wildlife.

From the Mara, we return to Nairobi, where we usually overnight, on our way south into Tanzania.

DAY 4- 8

Arusha, Serengeti National Park,
Olduvai Gorge, Ngorongoro Crater

After crossing the border at the busy Namanga frontier we come to Arusha. Situated mid-way between Cape Town and Cairo, this is very much Tanzania's 'safari capital' - a bustling city with colourful markets, shops, vehicles and people, all nestling in the shadow of the brooding Mt Meru (4556m). After exploring the curio markets, we head to our camp outside Arusha on the open plains to the west of the city. There is the opportunity to walk to one of the local Masai villages. For those who are interested there is a local school and small clinic near the campsite, or you may wish to visit the small but very informative Masai museum and to walk through the – also very informative – Meserani Snake enclosure.

Switching to smaller more 'gamepark friendly' vehicles we drive west across the Rift Valley, passing through Mto Wa Mbo ('mosquito creek') and enter the Ngorongoro Crater Conservation Area. We pass into the park and drive around the Crater rim and down onto the Serengeti plains. Stopping at the Olduvai Gorge, made famous by Drs Louis and Mary Leakey for explorations into early man we descend onto the open plains and wide horizons of the Serengeti. Green after the rains, brown and burnt in the dry this is home to an enormous variety of grazing animals, predators, and birdlife. Flatter and larger than the Masai Mara the Serengeti is simply huge - indeed the name derives from the Masai word *Siringitu* – 'the place where the land moves on forever'. Game viewing here can be superb and camping out in the designated (but unfenced) campsite where lion and hyena roam nearby is an unforgettable experience.

The following day we drive out of the plains for gamedriving and after lunch ascend the outer wall of the Ngorongoro Crater. We spend the night camping on the rim (you may need a jacket; it can be cold at night). At 326 square kilometres in area the Ngorongoro is Africa's largest intact caldera and is a World Heritage Site. If the view from the rim (2400 metres above sea level) is spectacular, the site from the Crater floor (some 600 metres below) is equally enjoyable. All the major mammals are present except giraffe (which cannot manage the steep slopes leading down onto the Crater floor) and we descend the steep access road for a morning of game driving. Time here is limited however and we drive back up the access road after lunch for a final view over the Ngorongoro before we retrace our steps to Arusha and our camp for the evening.

DAY 9 - 13

Dar es Salaam - Zanzibar

We have time in Arusha to replenish our stores before continuing past the shadow of Mt Kilimanjaro (Africa's highest peak at 5895m) to Dar es Salaam and the Indian Ocean. 'Dar' is Tanzania's main port and is a hub of commerce and industry - a hot, humid and bustling city. We set up camp at our campsite on the beach just

outside of the city centre, usually having time to browse curio markets - best known for ebony wood - and prepare for our trip to Zanzibar.

Evocative and exotic, Zanzibar conjures up images of idyllic, sandy, palm fringed beaches, romantic winding cobbled alleys and lush tropical forests. You will find all of these here – and an intriguing history. Zanzibar was the base for the great 19th century explorers John Hanning Speke, Richard Burton and David Livingstone and was once a major trading centre for spices. Indeed the spice trade is central to the island's history – Zanzibaris have traded with the people of the Arabian peninsula for generations, plying the ocean in simple dhow sailboats using the annual trade winds for passage. The Arab influence is evident in the architecture and diverse street stall offerings of Stone Town. Indeed the Arab influence can be seen right along the East African coast - the *Swahili* language itself the result of the mixing of Arab and African languages and cultures over many centuries.

Zanzibar's other history is not so romantic. The island was a staging post for slaves brought from the African interior, held before shipping to slave owners in the middle east. You can still see the places where these men and women were held – and even a short visit is enough to convey the appalling conditions they had to endure.

Our time on the island is not structured and your time is at leisure. Perhaps the best way to see Stone Town is on foot: explore the bazaars, shops, mosques, palaces, courtyards and alleyways of the old town. Spices are grown in plantations nearby and you can take day-tours to visit some and have your senses dazzled by the tastes and scents experienced. If it's white sand, sparkling ocean and hot sun you prefer – head for the northern beaches and enjoy the Indian Ocean at its best. Try snorkelling and diving, indulge in some sumptuous seafood, or simply relax beneath a coconut palm with a cocktail and a good book.

After three nights we cross back by ferry to the African mainland and Dar es Salaam.

NB As we leave the truck on the mainland, basic tourist class accommodation on Zanzibar is included in the Local Payment but for the sake of flexibility meals are left for your own account. It is advisable to set aside US\$ 20-30 for meals per day. Typically we spend one night in Stone Town and the next two nights in the north of the island at one of the beaches. Your tour leader will be available to assist if you experience any problems but there are no set activities - the time is entirely at your leisure.

DAY 14 - 19

Mikumi National Park – Lake Malawi Beaches

We spend one further night in Dar es Salaam before leaving the coast and driving across country to Malawi. The road runs through the relatively small (by African standards) Mikumi National Park and passes through various small towns and villages of rural Tanzania. We enter Malawi at its northern tip and almost immediately catch a glimpse of the enormous Lake Malawi. Covering almost a fifth of the country's area, this is one of Africa's 'great lakes'. It provides a source of livelihood for many of the Malawi people - fishermen, traders, canoe and net makers are common sights along the shoreline. Freshwater and safe swimming explains why it is also a major visitor attraction.

We camp along the lake shore, usually by the beach. There is usually a range of water sports available and time to indulge or simply to relax. The Malawi people are known amongst travellers as being very friendly and there is usually the opportunity to meet some of the local people from the nearby communities.

DAY 20 - 25

Lusaka – Livingstone – Victoria Falls

Leaving Malawi we cross into Zambia. We cross the Luangwa River and pass through the capital city, Lusaka, to Livingstone and Victoria Falls, arriving on day 22 of the tour. Our camp is on the banks of the mighty Zambezi River, one of Africa's major rivers, indeed the largest that flows eastward into the Indian Ocean. Time here is at

leisure. Take advantage of the range of optional activities typically available: white water rafting, bungee jumping, abseiling, gorge swinging, canoeing, elephant and horse riding, lion walks, game drives and scenic flights. Naturally a visit to the Victoria Falls themselves is a 'must'. At over a mile wide and some 100m deep, at high water the 'Falls' is the largest curtain of falling water in the world. Depending on the time of year the spray from the Falls can be seen from 30 kilometres - hence the local name Mosi au Tunya - 'smoke that thunders'.

NB For the sake of practicality, meals in the Livingstone/Victoria Falls area are restricted to breakfasts. This allows you to take on half day or full day activities (some of which include lunch) without having to be back with the group at mealtimes. The Waterfront camp restaurant overlooks the Zambezi River and offers a selection of reasonably priced meals and snacks throughout the day (we suggest you allow US\$20-\$30 per day). Alternatively Livingstone town is a short taxi ride away, where you can eat out at one of the local restaurants.

DAY 26 - 27

Livingstone – Chobe National Park

Eventually we take leave of Livingstone and the Victoria Falls area and drive along the northern side of the Zambezi to the Botswana frontier. We cross the border by simple ferry across the confluence of the Chobe and Zambezi rivers. Once border formalities are complete, we travel the short distance to Kasane where we overnight. Optional activities here include a relaxing afternoon 'Fish Eagle' cruise or a game drive inside the Chobe National Park (each is at your own expense). This area has a huge elephant population and whichever of the activities you choose, you may well see some of these magnificent beasts.

We return to our accommodation for dinner and overnight and the next day have a full day on the road to Maun and the Okavango Delta.

DAY 28 - 30

Maun – Okavango Delta - Maun

The Okavango is a natural wetland system spreading over some 1.6 million hectares of northern Botswana resulting from rivers that flow south from Angola, and dividing repeatedly on the flat Botswana plains to form an intricate floodplain of channels and an inland 'delta', the only one of its kind in the world. We spend two nights camping in the wilderness with experienced and knowledgeable 'polers' who guide you through the labyrinthine channels in dug-out canoe (mokoro), and on foot. We camp on one of the islands in the middle of the Okavango, a true wilderness experience, especially so at night when you sleep to the sounds of the African bush which stretches for miles all around.

DAY 31 - 32

Khama Rhino Sanctuary - Johannesburg

For those wanting more adventure there is an opportunity for scenic flights over the Okavango area (time permitting and at own expense), which is a superb way to appreciate the immensity of this 'water world'.

Eventually we leave Maun for the Khama Rhino Sanctuary situated close to the South African border. In 1989 a group of locals wished to convert the Serwe Pan, previously a hunting area, into a conservation region for the rhino that inhabit the area. The Pan was chosen because of its 'rhino-friendly' habitat and its proximity to a Botswana Defence Force base which could provide 24 hour protection. Located on the edge of the vast Kalahari, which is a prime habitat for white rhino, zebra, wildebeest and giraffe we can see game at several of the reserve's

natural waterholes. Khama is a community based wildlife project which benefits the local community and protects a great many endangered rhino.

We cross into South Africa and drive Johannesburg where we spend the following few days.

DAY 33 - 34
Johannesburg

We have two days to relax and explore South Africa's largest and most exciting city. Accommodation is at a friendly and informal hostel – walking distance to a small shopping centre (and short taxi from the very large Sandton shopping centre). You can arrange day tours to the Gold 'Reef' City, or daytours of Johannesburg or Pretoria City tours, or visit Soweto 'township' (actually a city of some 2-3m people) – or simply relax and catch up on your diary , keep in touch with friends at home.

DAY 35 - 39
Mpumalanga – Greater Kruger – Swaziland

Leaving Johannesburg we enter Mpumalanga Province and travel through the natural spectacles of Blyde River Canyon, the Three Rondavels and Bourke's Luck Potholes before continuing to a private game reserve bordering the Kruger National Park. We enter the famed (Kruger) National Park for game drives. This is South Africa's best known wildlife reserve, an enormous area offering unrivalled opportunities for game viewing including the 'Big Five' as well as good stocks of grazing animals – giraffe, zebra, antelope - and prolific birdlife.

We continue to Swaziland, a mountainous landlocked kingdom sandwiched between Mozambique and South Africa where we spend two nights. We visit Mlilwane Wildlife Sanctuary, the Royal Enclosure and have time to browse local craft markets and factories.

DAY 40 - 44
KwaZulu-Natal – St Lucia – Hluhluwe/Umfolozi - Durban – Wild Coast

We cross back into South Africa and enter KwaZulu-Natal ('Zululand') and game drive in Hluhluwe/ Umfolozi Game Reserve. We visit a local village and view St Lucia before driving along the coast to Durban for a night in South Africa's most popular beach resorts.

Continuing on we pass through the rugged Wild Coast, where the native Xhosa people are rooted deeply in tradition and custom. We have two nights in the charming town of Cintska to enjoy beautiful beaches and optional activities such as horse-riding, canoeing and surfing.

DAY 45 - 47
Addo Elephant park – Tsitsikamma – Knysna - Hermanus

We continue down the coast to the Addo Elephant National Park , the beginning of the so called 'Garden Route'. Addo is sanctuary for buffalo, rhino, antelope and elephant, much of which we hope to see on an afternoon game drive. Further along the coast we visit the Tsitsikamma National Park where steep hardwood forest meets rugged coastline. There is the opportunity to try the highest bungy in the world before we continue to the picturesque town of Knysna and from there to Hermanus, another attractive town on the coastal route. This area is known for dolphin and whale watching (in season) which is often possible from the shore.

DAY 48
Cape Town

Finally we enter the Cape area - renowned for its vineyards. Time allowing we sample the products of a local winery before continuing to Cape Town, one of the world's most picturesque cities, where arrangements end.

TOUR INFORMATION

Travelling overland is great fun, but it can also be challenging! This is a *participation* tour and your help will be needed in setting up the camp each night and assisting (usually on a rota basis) with the various day to day campsite duties, such as shopping, cooking and keeping the truck and camp tidy. But don't worry it's not all hard work and it's a great way to meet the local people and get to know your fellow travellers. Your contribution benefits the success of the tour - most people find the greater their involvement, the greater their enjoyment of the whole trip.

Africa is an adventure destination and travelling here is not always predictable so be prepared to "expect the unexpected" in difficulties or delays which might come our way! However, you'll soon find that the diversity of the African landscape, the wildlife and the communities we pass on our way, make the sometimes rough travel and long driving days worthwhile.

Come with a sense of adventure and a flexible attitude and you will be sure to enjoy your Acacia overland tour across this amazing continent.

TOUR STYLE

Meals are still prepared from within the group however with passenger assistance encouraged but with the tour driver/guide taking a leading role.

Our Small Group safaris are operated by a locally based (African) ground handler who has maintained standards at a high level over a period of time. We believe that working with a local operator in this way assists the community to benefit in a sustainable way from tourism. At the same time it provides our clients with the extensive local knowledge and enthusiasm of the local staff and guides employed to ensure your safari is as enjoyable as it is memorable.
