INTENDED ITINERARY

It is our intention to adhere to the route described below but a certain amount of flexibility is built into the tour and on occasion it may be necessary or desirable to make alterations to the published itinerary. Please therefore treat the following as a guide only.

Duration: 58 Days
Countries visited: Kenya, Uganda, Tanzania, Malawi, Zambia, Botswana, Namibia, South Africa

DAY 1 - 2 Nairobi – Nakuru – Eldoret

Kenya is East Africa's most popular destination and has a long tradition of tourism and of welcoming visitors. Nairobi, the Kenyan capital, has seen rapid growth in recent years but still has a comparatively small city centre and interesting city market, numerous craft shops, book shops and plenty of cafes and restaurants. We recommend you arrive the day before the tour departure in order to relax and overcome any jetlag.

We depart Nairobi early on Day One and descend into the 'Great Rift Valley', an enormous cleft in the Earth's surface stretching from the Red Sea to Madagascar but with particularly marked escarpments here in Kenya.

Our first stop is Lake Nakuru National Park, a relatively small park (by African standards) on the Rift Valley floor.

The shallow soda lake attracts a huge variety of birdlife – especially flamingos, which may gather in such numbers that (when viewed from above) they form a strikingly pink 'fringe' around the lake-shore. However Lake Nakuru is not simply a bird sanctuary, it is also home to buffalo, lion, rhino, leopard, warthog, baboon, antelope, and a variety of smaller animals. A delightful introduction to East Africa's wildlife diversity. From Nakuru we continue northwest to Eldoret, and the Uganda frontier.

DAY 3 - 5

Kampala – Queen Elizabeth – Lake Bunyonyi

We cross into Uganda, Winston Churchill's 'Pearl of Africa' and to the capital, Kampala. This is an attractive hilly city, bustling with roadside traders, markets and busy matatu (mini-bus taxi) stands.

From Kampala, we travel west to Queen Elizabeth National Park. Uganda is a wonderfully fertile country of green terraced hillsides, lush banana plantations, steep mountains and tangled forests. We enter the QENP, with a view (further to the west) of the mountains that separate Uganda from central Africa. We game-drive in the morning in search of the Uganda Kob (a type of antelope) as well as elephant, lion, buffalo, hyena and hippo. Nearby the park we visit the Kyambura Gorge for the trek to see the chimpanzees. Unlike the larger gorilla, chimps live mostly in the trees and so our viewing is necessarily at some distance. However the experience of seeing man's closest relative in the wild is a memorable one.

Continuing deep into the Kigezi Highlands we come to the picturesque Lake Bunyoni, an ancient flooded valley, where we usually base ourselves for the gorilla trekking.

DAY 6 - 9

Gorilla Trek - Kampala

This region of Africa is home to the world's remaining 700 mountain gorillas, many of which inhabit the Bwindi Impenetrable National Park. [Occasionally we may travel into neighbouring Rwanda to trek for the gorillas.]

On the day of our trek we gather in the early morning to meet our local guide and tracker. Walking in small groups we trek into the thick rainforest. The trek can be demanding at times with uneven terrain and hilly rainforest but the privilege of spending time with a family of these gentle primates makes the effort well worthwhile. To many people, even those who stay in Africa longer than this two week tour, the day's trek and time with the gorillas remains their most exciting wildlife encounter in Africa.

The usual procedure, once we have located the gorilla 'family', is to squat or sit down and simply observe them for around an hour – the time set by the Uganda Wildlife Authority (the national body charged with controlling and maintaining the gorillas in Uganda). Gorillas are sociable creatures, living in groups between 12 and 20 individuals, usually led by an 'alpha male' (the 'silverback' - so called because of the silver hair on his back which grows once the male gorilla attains maturity). Most people find that the gorillas are remarkably human-like at close quarters – particularly in the social interaction between family members and in 'play' activity in which the young engage. Photography is permitted (although not with a flash and there are restrictions for those who wish to use a video camera.)

Your permit allows you one trek and gorilla viewing (time limited to one hour). However because the authorities maintain strict limits on the number of visitors allowed to view the gorillas each day we may spend several days in the area while all passengers in our group complete the trek and viewing.

DAY 10 - 14

Kampala - Jinja - Nairobi

When all members of the group have completed the gorilla trek we pack up and make our way back to Kampala. Pausing for the night we continue on to Jinja and our camp on the grassy banks of the River Nile. It was in 1862 that the British explorer John Hanning Speke recognised Lake Victoria as the 'source of the Nile' settling a long running dispute about Africa's (and the world's) longest river. From this modest monument the Nile begins its 4132 mile course through Uganda, Sudan and eventually Egypt to the Mediterranean Sea.

Our camp overlooks a dramatic set of rapids known as Bujagali Falls. It is here that we usually have the option to try rafting - an exciting day out for those enjoying the thrill of 'white water'. There is also the opportunity to make some difference to local children at a local school project: 'Softpower' is a locally run voluntary programme aimed at building and improving schools in the Jinja area to which your contribution of a few hours of painting or plastering is always most welcome. Other activities at Jinja include quad biking, village walks and even bungy jumping! From Jinja, we move on to Uganda's capital Kampala.

Finally we make our way back into Kenya, passing through Eldoret and the Rift Valley once again to the lights and bustle of Nairobi.

NB Depending on the availability of gorilla permits the tour itinerary may vary in day to day running order from the above running order which is based on the brochure itinerary. From time to time we may visit neighbouring countries, eg Rwanda, for the gorilla trek (instead of Uganda) and this may entail extra visa fees although we shall endeavour to advise you before departure of any significant change to the tour itinerary.

NB2 In Nairobi the price of accommodation on nights 14 & 15 is **not included** in the tour. Please put aside between US\$20-25 per night for meals and accommodation here.

DAY 15- 17

Nairobi, Masai Mara National Reserve

After a day to relax and replenish our supplies we depart Nairobi and make our way across the Rift Valley to the Masai Mara National Reserve. We spend two nights camping on the edge of the Reserve with time to explore the park on morning and afternoon game drives. The sweeping plains, distant horizons, low slung acacia trees, occasional coppices of vegetation, and plentiful wildlife form a deeply evocative introduction to this wonderful continent. The 'Mara' is crossed every year between July and October by great herds of wildebeest, zebra and other grazing animals in their migration from the adjoining Serengeti plains to the south (in Tanzania). Predators (such as lion, cheetah, leopard) and scavengers (hyena, vultures) follow the grazing animals and this enormous congregation of wildlife forms a spectacular display of Africa's natural resource. But the Mara is excellent for game viewing at any time of year and regardless of when you can visit we hope to see some, if not all, of Africa's 'Big Five' (elephant, lion, rhino, buffalo and leopard) and an array of other wildlife.

From the Mara, we return to Nairobi, where we usually overnight, on our way south into Tanzania.

NB Meals and accommodation in Nairobi on nights 14 & 15 are **not included** in the tour price or Local Payment. Please allow between US\$20-30 per night for meals and accommodation there for these two nights.

DAY 15- 19

Arusha, Serengeti National Park,
Olduvai Gorge, Ngorongoro Crater

After crossing the border at the busy Namanga frontier we come to Arusha. Situated mid-way between Cape Town and Cairo, this is very much Tanzania's 'safari capital' - a bustling city with colourful markets, shops, vehicles and people, all nestling in the shadow of the brooding Mt Meru (4556m). After exploring the curio markets, we head to our camp outside Arusha on the open plains to the west of the city. There is the opportunity to walk to one of the local Masai villages. For those who are interested there is a local school and small clinic near the campsite, or you may wish to visit the small but very informative Masai museum and to walk through the - also very informative - Meserani Snake enclosure.

Switching to smaller more 'gamepark friendly' vehicles we drive west across the Rift Valley, passing through Mto Wa Mbo ('mosquito creek') and enter the Ngorongoro Crater Conservation Area. We pass into the park and drive around the Crater rim and down onto the Serengeti plains. Stopping at the Olduvai Gorge, made famous by Drs Louis and Mary Leakey for explorations into early man we descend onto the open plains and wide horizons of the Serengeti. Green after the rains, brown and burnt in the dry this is home to an enormous variety of grazing animals, predators, and birdlife. Flatter and larger than the Masai Mara the Serengeti is simply huge - indeed the name derives from the Masai word *Siringitu* - 'the place where the land moves on forever'. Game viewing here can be superb and camping out in the designated (but unfenced) campsite where lion and hyena roam nearby is an unforgettable experience.

The following day we drive out of the plains for gamedriving and after lunch ascend the outer wall of the Ngorongoro Crater. We spend the night camping on the rim (you may need a jacket; it can be cold at night). At 326 square kilometres in area the Ngorongoro is Africa's largest intact caldera and is a World Heritage Site. If the view from the rim (2400 metres above sea level) is spectacular, the site from the Crater floor (some 600 metres below) is equally enjoyable. All the major mammals are present except giraffe (which cannot manage the steep slopes leading down onto the Crater floor) and we descend the steep access road for a morning of game driving. Time here is limited however and we drive back up the access road after lunch for a final view over the Ngorongoro before we retrace our steps to Arusha and our camp for the evening.

DAY 20 - 28

Dar es Salaam - Zanzibar

We have time in Arusha to replenish our stores before continuing past the shadow of Mt Kilimanjaro (Africa's highest peak at 5895m) to Dar es Salaam and the Indian Ocean. 'Dar' is Tanzania's main port and is a hub of commerce and industry - a hot, humid and bustling city. We set up camp at our campsite on the beach just outside of the city centre, usually having time to browse curio markets - best known for ebony wood - and prepare for our trip to Zanzibar.

Evocative and exotic, Zanzibar conjures up images of idyllic, sandy, palm fringed beaches, romantic winding cobbled alleys and lush tropical forests. You will find all of these here – and an intriguing history. Zanzibar was the base for the great 19th century explorers John Hanning Speke, Richard Burton and David Livingstone and was once a major trading centre for spices. Indeed the spice trade is central to the island's history – Zanzibaris have traded with the people of the Arabian peninsula for generations, plying the ocean in simple dhow sailboats using the annual trade winds for passage. The Arab influence is evident in the architecture and diverse street stall offerings of Stone Town. Indeed the Arab influence can be seen right along the East African coast - the *Swahili* language itself the result of the mixing of Arab and African languages and cultures over many centuries.

Zanzibar's other history is not so romantic. The island was a staging post for slaves brought from the African interior, held before shipping to slave owners in the middle east. You can still see the places where these men and women were held – and even a short visit is enough to convey the appalling conditions they had to endure.

Our time on the island is not structured and your time is at leisure. Perhaps the best way to see Stone Town is on foot: explore the bazaars, shops, mosques, palaces, courtyards and alleyways of the old town. Spices are grown in plantations nearby and you can take day-tours to visit some and have your senses dazzled by the tastes and scents experienced. If it's white sand, sparkling ocean and hot sun you prefer – head for the northern beaches and enjoy the Indian Ocean at its best. Try snorkelling and diving, indulge in some sumptuous seafood, or simply relax beneath a coconut palm with a cocktail and a good book.

After three nights we cross back by ferry to the African mainland and Dar es Salaam.

NB Depending on the availability of gorilla permits the tour itinerary may vary in day to day running order from the above running order which is based on the brochure itinerary. From time to time we may visit neighbouring countries, eg Rwanda, for the gorilla trek (instead of Uganda) and this may entail extra visa fees although we shall endeavour to advise you before departure of any significant change to the tour itinerary

NB² As we leave the truck on the mainland, meals on Zanzibar are **not included** in the tour price or Local payment, and your time is free to enjoy the island's activities. Your tour leader will arrange accommodation in Stone Town and at the beach from your Local Payment [we use small privately owned tourist class accommodations].

DAY 29 - 34

Mikumi National Park – Lake Malawi Beaches - Chipata

After returning from Zanzibar we leave the coast and drive across country to Malawi. The road runs through the relatively small (by African standards) Mikumi National Park and passes through various small towns and villages of rural Tanzania. We enter Malawi at its northern tip and almost immediately catch a glimpse of the enormous Lake Malawi. Covering almost a fifth of the country's area, this is one of Africa's 'great lakes' and provides a source of livelihood for many of the Malawi people. Fishermen, traders, canoe and net makers are common along the shoreline. Freshwater and safe for swimming the lake is also a major attraction for visitors.

We camp along the lake shore, usually by the beach. There is usually a range of water sports available and time to indulge or simply to relax. The Malawi people are known amongst travellers as being very friendly and there is usually the opportunity to meet some of the local people from the nearby communities.

DAY 35 - 40

Lusaka – Livingstone – Victoria Falls

Leaving Malawi we cross into Zambia. We cross the Luangwa River and pass through the capital city, Lusaka, to Livingstone and Victoria Falls, arriving on day 22 of the tour. Our camp is on the banks of the mighty Zambezi River, one of Africa's major rivers, indeed the largest that flows eastward into the Indian Ocean. Time here is at leisure. Take advantage of the range of optional activities typically available: white water rafting, bungee jumping, abseiling, gorge swinging, canoeing, elephant and horse riding, lion walks, game drives and scenic flights. Naturally a visit to the Victoria Falls themselves is a 'must'. At over a mile wide and some 100m deep, at high water the 'Falls' is the largest curtain of falling water in the world. Depending on the time of year the spray from the Falls can be seen from 30 kilometres - hence the local name Mosi au Tunya – 'smoke that thunders'.

NB For the sake of practicality, meals in the Livingstone/Victoria Falls area are restricted to breakfasts. This allows you to take on half day or full day activities (some of which include lunch) without having to be back with the group at mealtimes. The Waterfront camp restaurant overlooks the Zambezi River and offers a selection of reasonably priced meals and snacks throughout the day (we suggest you allow US\$30-\$40 per day). Alternatively Livingstone town is a short taxi ride away, where you can eat out at one of the local restaurants.

DAY 41 - 42
Chobe National Park

After breakfast we leave Livingstone and travel the short distance to Botswana and the Chobe National Park. Situated in the extreme northern corner of Botswana, Chobe is home to large populations of elephant as well as lion and abundant birdlife, including the African fish-eagle. In the late afternoon, we take an afternoon cruise on the Chobe River - a delightful way to see hippo or elephant, sometimes buffalo, come to the river for bath and drink. Earlier in the day we take an early morning game drive into the park itself for a glimpse of Botswana's premier game reserve.

DAY 43 - 44
Maun, Okavango Delta

Further south, we cross the fringes of the Kalahari Desert and make our way to Maun and the Okavango Delta. A natural wetland system spreading over some 1.6m hectares of northern Botswana, the results from rivers that rise in Angola and flow south then divide repeatedly to form an intricate floodplain of channels and islands which spreads out into a broad flat inland delta – the only one of its kind in the world. Our overnight excursion gives us the opportunity to explore some of the area on foot and by dugout canoe (makoro). This is a very unspoilt wildlife area. We search amongst the giant lily pads, tall grasses and narrow channels for hippo, crocodile and a variety of birds. We camp for a night in the Delta itself on one of the river islands - an unforgettable wilderness experience!

DAY 45 - 46
Ghanzi - Windhoek

Leaving the Okavango we travel south-west skirting the Kalahari. We stop at Ghanzi and take a guided Bushman Walk to discover some of the secrets of this immense terrain and gain a glimpse of how the indigenous people live in this area. The following day we continue west into Namibia and stop a night in the capital Windhoek, a city steeped in German atmosphere and architecture. Enjoy the contrast from the previous few nights, perhaps with a flagon of ale at one of the local taverns.

DAY 47- 51
Etosha National Park - Swakopmund

We make our way north to Etosha National Park, a vast reserve of over 20,000 square kilometres in area surrounding a central salt depression or 'pan.' The pan is seasonally filled with water but managed year-round waterholes sustain some 114 mammal and 340 bird species. We spend two nights in Etosha, camping near a floodlit waterhole which offers exciting night viewing for those who wish to stay up late.

Turning south again, we pass through the eerie Spitzkoppe area and travel along some of the desolate Atlantic coast, the colonial town of Swakopmund, Namibia's main seaside resort.

Sandwiched neatly between the desert and the ocean, this delightful coastal oasis has developed into something of an adventure centre. Try 'quad biking, sand boarding, or skydiving (weather permitting) or for those preferring a slower pace, take a coastal walk or indulge in Swakopmund's café culture at your own leisure.

DAY 52 -54
Namib Naukluft Park – Fish River Canyon

Continuing south through the barren desert we reach the Namib Naukluft Park. The world's oldest desert and containing some of the highest sand dunes in the world – some of Sesriem and Sossusvlei's dunes are over 300m high – this is an ideal spot to clamber to the top of one and see the sun rise over the empty desert. We continue deeper into the park for a nature walk across the salt pans and flat valley floors. Don't forget your camera - the changing colours of the sand as the sun rises and sets throughout the day offer brilliant photographic opportunities.

Continuing to the very south of Namibia we admire the awesome beauty of the Fish River Canyon. One of the natural wonders of Africa, some 500m deep and over 160km long, this is the second largest canyon in the world after America's Grand Canyon. Again, there are plenty of opportunities for keen photographers as we spend time around this area and visit the canyon's infamous sharp river bend known as 'Hell's Corner.'

DAY 55 -58
Gariiep River – Cape Town

On our final leg of the journey we leave Namibia and enter South Africa stopping en route for a night next to the desolate but striking Gariiep (Orange) River.

We continue south and notice the desert slowly give way to the increasingly fertile Cape Province. On the edge of Cape Town itself lie the Cape Flats, home to Cape Town's townships. We visit some of the local people and community projects in the area. The townships illustrate both South Africa's tumultuous history and its hope for the future. Finally we continue to cosmopolitan Cape Town, without doubt one of the world's most beautiful cities, where the tour ends. If time allows we recommend you spend a few days exploring the city and surrounds. Take advantage of the variety of activities normally available here – from abseiling Table Mountain and shopping at the V&A Waterfront, to wine tasting in the nearby winelands of Paarl and Stellenbosch.

TOUR INFORMATION

Travelling overland is great fun, but it can also be challenging! This is a *participation* tour and your help will be needed in setting up the camp each night and assisting (usually on a rota basis) with the various day to day campsite duties, such as shopping, cooking and keeping the truck and camp tidy. But don't worry it's not all hard work and it's a great way to meet the local people and get to know your fellow travellers. Your contribution benefits the success of the tour - most people find the greater their involvement, the greater their enjoyment of the whole trip.

Africa is an adventure destination and travelling here is not always predictable so be prepared to "expect the unexpected" in difficulties or delays which might come our way! However, you'll soon find that the diversity of the African landscape, the wildlife and the communities we pass on our way, make the sometimes rough travel and long driving days worthwhile.

Come with a sense of adventure and a flexible attitude and you will be sure to enjoy your Acacia overland tour across this amazing continent.

ACACIA ON THE ROAD

RESPONSIBLE TRAVEL

We strongly believe that you get the most out of a journey by respecting the culture and people of the places you visit. On our tours we try to travel in a way that benefits the communities we pass through and minimises negative impact on the environment. This can be from ensuring the campsites we use are clean when we leave and dressing respectfully in conservative areas to getting involved with local charity projects. We ask that you are open to this when you travel with us. Being proactive in responsible travel helps develop cross-cultural understanding and friendships with the local people, and will greatly enhance your experience in Africa.
